WELD STAND DESTRUCTIVE COUPON TESTING

The Shop Floor Essential

PART GWS-MOB1

Test technician weld quality safely and consistently. The Goliath Weld Stand allows coupons to be set at any angle or position for proper destructive testing. Ideal for documenting welds and training new staff.

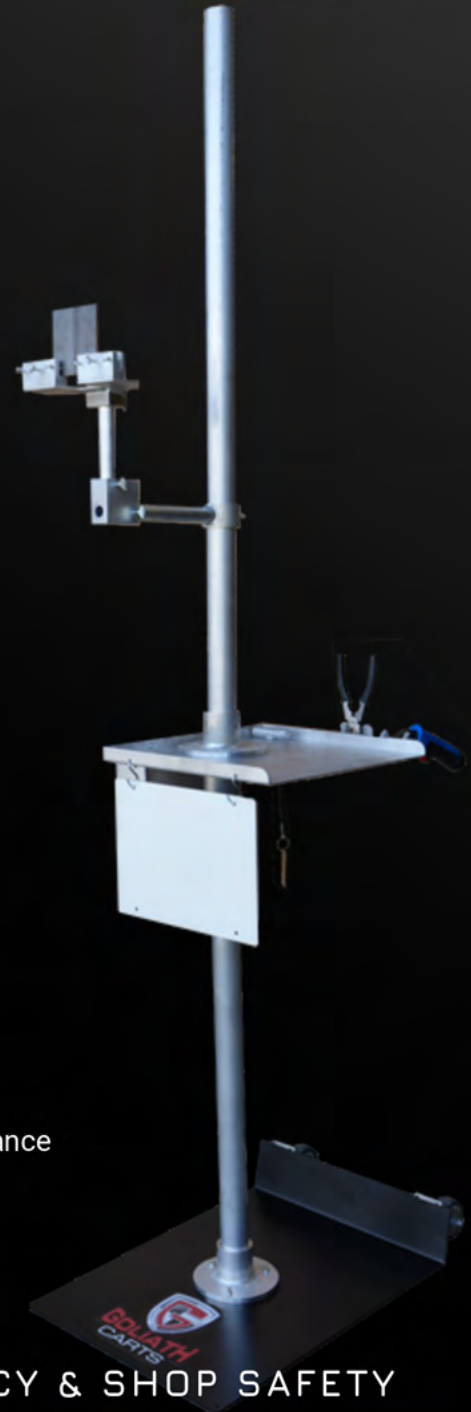

Key Features:

- Weld Gun Holder
- Welding Pliers Holder
- Wet/Dry Bucket
- Whiteboard for Notes & Diagrams
- Metal Thickness Gauge

- ✓ Ensure Weld Accuracy and Safety
- ✓ Document Welds with Whiteboard and Gauge
- ✓ Great for Onboarding and Staff Training
- ✓ Available in Bench, Floor, or Mobile Styles
- ✓ Perform Destructive Coupon Weld Tests
- ✓ Reduce Setup Time in the Weld Bay
- ✓ Set Weld Height and Angle as Needed
- ✓ Improve Technician Confidence and OEM Compliance

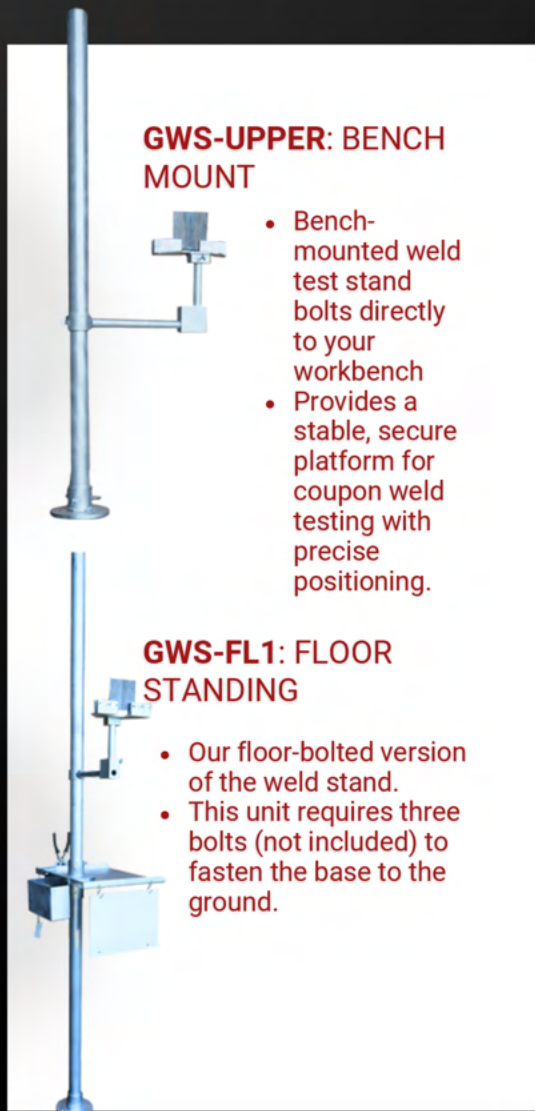

WORKS ACROSS MULTIPLE INDUSTRIES

BOTTOM LINE: IMPROVES TEST ACCURACY & SHOP SAFETY

WELD STAND CONFIGURATIONS

The Weld Stand Series is designed for safe, consistent destructive weld testing in any shop setup. With floor-standing, bench-mounted, and mobile configurations available, each version offers adjustable positioning and essential accessories to support technician training, weld verification, and documentation. It provides a compact and durable solution that fits seamlessly into your workflow.

GWS-UPPER: BENCH MOUNT

- Bench-mounted weld test stand bolts directly to your workbench
- Provides a stable, secure platform for coupon weld testing with precise positioning.

GWS-FL1: FLOOR STANDING

- Our floor-bolted version of the weld stand.
- This unit requires three bolts (not included) to fasten the base to the ground.

GWS-MOB1: MOBILE VERSION

- Our mobilized version of the destructive weld test stand. Includes the stand and Goliath-branded base with two polyurethane wheels for the ultimate level of accessibility and mobility.

OPTIONAL EQUIPMENT

- GWS-B1 Mobile Base - Turns the floor-bolted version into a mobilized unit.
